Dear Sirs:

As owners and residents of Kings Ranch II at Black Canyon City.  
We are concerned with the rate increase which is requested

When we purchased the land and had a home built 1997, the sewer bill was \$28.00 per month ...Now we pay \$100.00 a month....where will it stop???

The customer notification letter we received was not dated so we don't know when this application was made, and attached sheet were not included ....and when asked to see the application we were refused to see it....What's Up????

We owners have no way to know how much the operating cost is on the plant...and no information is provided to us....Is there someone who oversees these management issues??? And makes them accountable???

As you can see we all have a lot of unanswered questions and feel we deserve either a hearing or an outright denial of this rate adjustment???

Sincerely,

Roy and Patricia Jedlicki
